Proposition 10 – Change to sub organisations

Motivation:

The JSU Board has decided to develop the number of suborganisation students can created and join under the Union. Until the spring 2021 there were only possible to create or join so called interest associations, however we have noticed that students find that the association form is complicated and, in some cases, too bureaucratic for associations that are small from the perspective of students who run the organisation. Therefore, the JSU Board has determined to introduce 4 different types of suborganisations and that paragraph 3 under chapter 10 covers all of these organisations. Therefore, it should not state only interest associations but suborganisations.

The Board propose that the General Meeting approves:

To exchange the word “*interest association*” with “*sub organisation*” throughout paragraph 3, chapter 10.

Original text:

3. Interest Associations

The opinion of JSU is that:

3.1 All interest associations shall be independent in their daily operations.

3.2 Interest associations shall be included to the largest extent possible in events and undertakings when there is reasonable interest.

3.3 Interest associations should to the largest extent possible have access to a venue space where they can conduct their activities
