

Studenter Emellan
Inquiries regarding and ideas for the work on health and wellbeing that is carried out by the JSU committee Studenter Emellan should be directed to its Head. The committee works in cooperation with the Student Union to ensure the health of students through events, lectures, and so on.

Student Health Care
Student Health Care is open to all students at Jönköping University, and staff are bound by patient confidentiality. It offers the use of its light and resting rooms, which can alleviate symptoms of depression and stress (note that a valid student ID must be shown).

1177
The website 1177.se/other-languages offers medical advice in

several languages. It is possible to speak to a nurse in Swedish via their phone service.

Health centres in the Jönköping region
Health centres offer assistance with a wide range of medical issues, and when necessary can refer patients to the hospital. When the health centre on campus is closed, the three emergency centres that are open during evenings and at weekends can be contacted by calling 1177.

Sexual Health
The STI Clinic investigates and treats sexually transmitted diseases. You can turn to them with questions or for investigation/treatment.

Drop-in: Mondays, 15.30-17.00
Appointments: +46 36 32 21 40
Counselor: +46 36 32 21 35

Ungdomsmottagningen (UMO) –
Young people's medical clinic
There are many centres in the Jönköping Region that offer help to those aged 21 and below, with

everything from relationship issues to access to contraceptives.
