

ACCOMMODATION

The accommodation situation in Jönköping is pressing, but nothing is impossible! All it takes is persistence and a will to not give up.

Your way to an accommodation:

- 1. JSU recommends studbo.se. (An accommodation portal for those who are currently or will become students at Jönköping University.)*
- 2. You can also find advertisements posted by private landlords on the JSU website under the 'Student perks' tab.*
- 3. Join the Facebook group 'Lediga lägenheter i Jönköping', and search for ads on websites such as blocket.se.*
- 4. At the start of the semester, temporary accommodation, located near to Jönköping University, is available for new students. More information about this on our website.*

- 5. If you are lucky, a 'fadder' or classmate might be able to rent part of their accommodation to you.*

Things to consider

In order to increase your likelihood of finding accommodation, consider the area outside of the city centre. You should also be prepared to accept temporary accommodation, and settle for a sublease at first.

Contact information

Contact Studbo (info@studbo.se), who will help you to find a solution to your problem. (The Student Union can assist you with questions concerning accommodation.)
