## Motivation Letter

Hello! My name is Jonathan Green, I am currently studying to become an upper-secondary school teacher at the School of Education and Communication (HLK) at Jönköping University (JU). I began studying at JU in August of 2024 and these past eight months have been some of the best in my life.

When I came to JU I did not expect to engage with the student life in the capacity that I have. I am currently one of five people organizing the fall kick-off 2025 at HLK, I am also part of the Nomination Committee for LOK, an elected representative at Swedish Teachers student association, student ambassador for JU, and I am part of the delegation going to the EULiST conference in June.

I know it sounds like I take on a lot, and honestly, I do. But I enjoy keeping busy, I enjoy working and being productive and I do believe one of the best ways for me to help improve the school is through JSU. I believe the Nomination Committee is the most suitable role for someone with my temperament, experience, skills and personality.

I am a native English and Swedish speaker, being raised in a bilingual household as my father emigrated from England to Sweden and never learnt Swedish.

Thank you for considering my application for the JSU Nomination Committee and I look forward to hearing from you.

Sincere regards,  
Jonathan Green

Organized and detail-oriented HR student with a major in Psychology and a strong interest in social psychology. Experienced in administrative tasks, coordination, and providing professional service. Enjoys working both independently and collaboratively in dynamic environments, contributing to structured and efficient workflows.

## ACADEMIC BACKGROUND

### JÖNKÖPING UNIVERSITY

**Human Resources with a major in Psychology**  
2024 - 2027

The HR program develops skills for managing recruitment, employee development, and organizational change. The curriculum covers areas such as social psychology, work psychology, and how personal characteristics influence both the environment and the individual. Additionally, knowledge in labor law and business administration is deepened.

### SVEN ERIKSSON GYMNASIET

**Entrepreneurial studies**  
2020 - 2023

The Entrepreneurship Program is an advanced specialization program built on three pillars: a scientific approach, entrepreneurship, and life preparedness. Knowledge in entrepreneurship and economics is elevated to a university level during the studies. A university course is taken at the University of Borås, while great emphasis is placed on collaboration, academic writing, and leadership.

Dear Nomination Committee,

My name is Stella, and I am currently studying the Human Resources program with a major in psychology at Jönköping University. I am writing to express my interest in becoming a member of the JSU Nomination Committee. With a passion for student engagement, recruitment processes, and cross-cultural collaboration, I am confident that I can contribute to the development of our student union.

My academic background in HR has given me a solid foundation in understanding human behavior, selection processes, and organizational dynamics. With work experiences in both Italy and Sweden, I have developed strong intercultural communication skills as well as a solid understanding of administration. The experiences of working abroad have provided me with valuable knowledge in working with people from different cultures, while also refining my language skills in Italian, French, English, and Swedish. I find the combination of skills I have gained from the HR program as well as working abroad, are aligned with the committee's tasks such as interviewing candidates, evaluating leadership potential, and ensuring fair, well-informed recommendations.

I am highly motivated, structured, and solution-oriented. I am also interested in getting to know new people and curious in what drives them. Personally, I thrive in dynamic environments and am driven by the opportunity to take initiative, which I believe is essential for proactively seeking and evaluating candidates for key roles within JSU. My goal is to help shape a representative and competent student body leadership that reflects the values and ambitions of our university community.

Serving on the Nomination Committee would not only allow me to contribute to student life but also deepen my knowledge of recruitment and organizational governance—areas I plan to pursue professionally in the future.

Thank you for considering my application. I look forward to the opportunity to support JSU in selecting and empowering future student leaders.

Warm regards,

Human Resources Program - Psychology - HLK
