Dear JSU Election Committee,

I would like to express my interest in the position of student representative on the JSU Board.

I'm interested in that position because it allows me to contribute to the development of the student union and that the goals fixed by JSU are implemented. I'm especially interested in being involved in decision-making when it comes to student life in Jönköping University. I deeply care about how students feel and how we could help them feel more integrated into the school.

I'm an organized and adaptable person who takes initiative and enjoys working both in a team or independently. I'm specially interested in taking initiative in an organization where I can have a real impact.

Overall, I would love to represent JSU and support the work that they do.

Thank you for your consideration.

Kinds regards,

Diariou Diallo

## ACTIVITIES

- **MAR 2025 - Present**

- **Head of Social Media - Hi Tech International (HINT)**

- HINT is a student organization within Jönköping University's Engineering Department that promotes international integration through inclusive events and activities. As the Head of Social media, I:

- Led a social media team in planning and executing marketing campaigns for monthly events, ensuring consistent branding and engagement.
    - Designed creative materials, including posters, social media posts, and physical merchandise such as patches sold by the organization.
    - Directed, filmed, and edited Instagram reels to promote events and increase online visibility.
    - Coordinated venue decorations and visual setups to enhance event atmosphere and aesthetic appeal.
    - Collaborated with internal teams and external partners to organize, promote, and successfully deliver events.

- **JUN 2019 - AUG 2019**

- **Volunteer - SPOT Turtle Project**

- Worked as a volunteer, specialized in communicating with potential donors and contributors while also participating in ongoing research and data collection.

- **JUN 2018 - AUG 2018**

- **Ambassador - Creating Friendships for Peace (CFP)**

- Participated in a program dedicated to uniting the youth of a split Cyprus. I got sent to the USA sponsored by CFP to spread word of Cyprus's troubles, advertise the program extensively, organize and participate in charity events and collect funding for the program.

I'm applying for the Student Representative position on the JSU Board because I genuinely want to be more involved in shaping the student experience at Jönköping University. As a student myself, I see how much the Student Union impacts everyday life on campus, and I would love to contribute to making it even more structured and inclusive.

Being part of HINT as Head of Social Media has been one of the most valuable experiences during my time at university. I've not only worked on creating content and promoting events, but also helped plan, coordinate, and follow through on ideas as a team. This has taught me how important it is to turn plans into actual results, and to constantly reflect on what works and what doesn't.

As a member of HINT, I have also been a Fadder twice during Fall 2025, and Spring 2026. My experience actively working with other Fadders to bring security, confidence, and enthusiasm to new students brought me an incredible sense of fulfillment. It also gave me valuable skills in teamwork, conflict resolution, and a determination to give all JU Students the best version of student life they could possibly imagine. I believe this mindset will go a long way on the JSU Board.

Moreover, my work as an Educational Consultant has helped me become very organized and solution oriented. Managing multiple applications at once, working with deadlines, and helping students improve their documents has made me comfortable with responsibility and attention to detail. I've learned how to look at processes critically and think about how they can be improved, which I believe is important when reviewing internal structures within JSU.

What motivates me most about this role is the opportunity to be part of the bigger picture, helping set direction, supporting others in the organization, and making sure things actually move forward. I enjoy working with people from different backgrounds and making sure everyone feels included. I'm excited about the possibility of contributing my perspective as a student while also learning more about how the union operates at a strategic level.

Thank you for your time and consideration.
